

Products & Services

As a Microsoft Gold Partner, our in-house support team has the necessary skills and experience to help you plan, manage and enhance your IT environment.

Hosted Revolution are experts in the provision of Hosted and Managed IT solutions to businesses of all sizes. Our flagship product is our Hosted Desktop which enables companies to access their applications and data from any Internet connected computer worldwide.

KEY BENEFITS

- ✓ Microsoft Gold Partner
- ✓ UK based helpdesk
- ✓ Passionate about IT
- ✓ 3 UK Data centres

• Hosted Desktop

Access all your applications and data storage from any Internet connected computer. Pay a monthly fee per user per month for total peace of mind.

• Hosted Exchange

Enjoy the benefits of an enterprise-grade email system without the hassle of maintaining a server. Access via Outlook, Internet explorer or BlackBerry.

• Hosted SharePoint

Manage your company's intranet with ease and tap into a platform built for teamwork. A ready made Document Management system is included.

• Managed Servers

For dedicated solutions we offer managed servers which are monitored by Microsoft certified engineers 24x7x365.

• Disaster Recovery

Save £1,000s per employee with our unique DR solution. Obtain affordable business continuity and be back in business in hours not days.

• Business grade VoIP

Tap into a feature rich business grade VoIP platform and say goodbye to a depreciating PBX. Enjoy free UK landline calls and great rates to mobiles.

OPTIONAL SERVICES

- Hosted CRM
- Internet/VPN connectivity
- Online Backup
- Hardware procurement
- PC support services
- Network design and cabling

“Choosing Hosted Revolution as a provider has reduced our costs and enabled us to provide our clients with a portfolio of easy to use and cost effective products.”
