

Disaster Recovery

Disaster Recovery

Have you ever considered how unexpected disruptions such as fire, floods and theft might impact your business?

Would your business survive?

Leverage our infrastructure and typically save up to 90% compared to maintaining your own Disaster Recovery solution.

Key benefits

- ✓ Rapid availability
- ✓ 24x7x365 Helpline
- ✓ Save £1000's
- ✓ Access from anywhere

Contact us today for a quote on 0207 1833 247 or email Sales@247Desktop.com

Fully manned 24x7x365 Helpline

We're ready and waiting to get you back on track as quickly as possible

Access from anywhere

Employees connect to your DR solution via any Internet connected computer

No expensive seating

Save up to £5,000 per year per employee which is normally contended 20:1

Rapid restoration of your data

Backup using our secure online backup solution and we'll restore your data within a guaranteed timeframe

Majority of applications supported

We support most business critical applications to ensure business continuity

No CAPEX

Save £1000's and leverage our resilient server infrastructure. Say goodbye to purchasing and maintenance costs.

OPTIONAL SERVICES

Workplace availability

- Meeting rooms and seating options are available should you require a guaranteed workplace.

Bespoke requirements

- We would be delighted to speak to you should you require a bespoke Disaster Recovery solution

" 247Desktop's unique and cost effective Disaster Recovery solution means that our business can be back up and running within 2 hours of a disruption. "
