# Managed Servers

Managed server hosting is a premium service that gives your site or service its own dedicated server within our Data Centre.

Our managed server offering provides the ultimate in performance and reliability with top security to ensure the integrity of your data. Your servers are managed 24x7 by our team of Microsoft Gold certified engineers.

## Key benefits

- ✓ **Dedicated solutions**
- ✓ **Monitored 24x7x365**
- ✓ **Secure Data Centres**
- ✓ **Resilient infrastructure**
